

IT'S TIME TO GET JIGGY WIT' IT!

InsideOutside Dance gives people with and without a disability the opportunity to develop new skills and performance techniques in dance. We offer classes in contemporary & hip hop. Our students are very lucky to work with motivational mentors and some of Brisbane's best teachers.

The overall aim is to create a performance platform where emerging artists with mixed abilities can learn, create, explore and perform a body of work that we can showcase at local events.

Our Ambassador, model Madeline Stuart is fully supportive of the project and a founding member of the Dance Company.

We are also looking for established dancers and dance students with and without disabilities to mentor our dancers; and volunteer support workers to assist in looking after the wellbeing of the students. Everyone involved in the project will be able to participate in classes.
