

# About The Exchange

At the Exchange, we offer a range of activities including art classes, English conversation, children's activities and more. The Exchange has free computers to use and a free community phone to contact Centrelink, make appointments and to also apply for work.

The Exchange is also the place to come to for information and referral to services and support that can help with life's challenges. The space can also be closed to provide privacy for some groups so please check this guide to find out what's on and what our drop in hours are.
