

About...

Jeays Street Community Centre

Jeays Street Community Centre is now managed by Communityfy and we are so excited to be here!

The Jeays Street Centre hosts visiting programs, is a space that community groups can hire for meetings and activities and has volunteer led activities for the local community AND hosts a beautiful community garden in our neighbouring park.

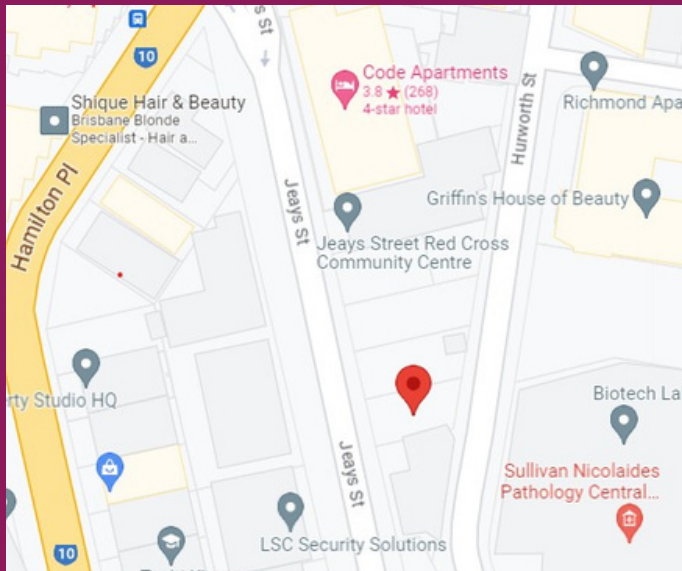

Jeays Street Community Centre is a space open to everyone and we're always interested in new ideas. If you'd like to talk to us about starting a new activity or you're interested in booking the space for your community meeting or event please get in touch!
