

QUEENSLAND
**CHILD
PROTECTION
WEEK**

Protecting **children** is

EVERYBODY'S

BUSINESS

One of the traits of the Kangaroo is its ability to leap, be it going toward something new or from an unpleasant situation, Kangaroos leap. One reason a Kangaroo hops is to protect its young. Kangaroos hold their young joey's in their pouch until they are old enough to look after themselves. The pouch is a safe place that gives the joey everything they need to grow up happy and healthy. The Kangaroo represents the ability to adapt, stamina and making wise choices.

Hop into the Queensland Child Protection Week art project and show your support for protecting children and young people during Queensland Child Protection Week 2023.

Write the names of people who make you feel safe and protected on the heart.

Cut out and place in the Kangaroo's pouch for safe keeping.
